7	<p>Making Local Economies Matter</p> <p>LE introduced this item. Two main reports have been published on the Labour Party thinking on the future of LEPs. One contentious issue is their thinking on the scale/geography of LEPs with potentially the push for fewer LEPs. It was agreed we have to align our case for retaining the Tees Valley LEP. TVU has prepared a draft response.</p> <p>SA said the Tees Valley is a functioning entity and was seeking the support of the Board. In a recent telephone conversation with Lord Adonis, SA had made our position very clear to him. From recent discussions with Andy McDonald MP, Andy was very supportive of the Tees Valley LEP.</p> <p>GD expressed his support but felt the Labour Party would reincarnate the regional work.</p> <p>BC stated Alex Cunningham was supportive of the Tees Valley LEP. He also felt we must get the message across to the people who write the manifesto and work with our neighbouring LEPs as a region.</p> <p>BD said the Tees Valley Leaders had stated the benefits of TV LEP.</p> <p>AB felt there was a principle of subsidiarity, some things worked at different levels. Asked if the Board/TIG could think about LEPs/combined authorities/rail, what are the things we should be doing.</p> <p>Action: It was agreed we should send John Healey our response and invite him to a meeting to start the conversation.</p> <p>At this point of the meeting SA invited TW to introduce himself to the group. Tom informed the meeting of his role in BIS, he has been involved in negotiations of the City Deals/Local Growth deals. TW previously worked in the EZ team in DCLG on housing, planning and regeneration. He explained about the current changes made and was replacing Graham Pendlebury as</p>

	<p>our Whitehall LEP sponsor. TW made 5 points:</p> <ul style="list-style-type: none"> - Greg Clark still the Local Growth Fund Minister - Thanked everybody for the work on the Local Growth Deal - Delivery is key, push forward projects into deliverable projects - Keep the momentum going - We are entering the policy making agenda <p>TW is keen to work with us in shaping the agenda.</p>
<p>8</p>	<p>Jeremie 2 – Access to Finance</p> <p>LE gave an update. The Project Board is in place, Stephen Catchpole and Ralph Pickles are our representatives. TVU has appointed Jonathan Gold as our independent advisor. The implementing body is to be established, Ward Hadaway have been appointed to carry out this work. Also recruitment underway for a Project Manager, interviews planned for 27th August. Discussions with DCLG/BIS on the financial instruments. LEPs being asked to work with other LEP areas to share experiences and to potentially jointly commission activity where it made sense to do so. The Board noted the report.</p>
<p>9</p>	<p>HS2</p> <p>The LEP is being asked to join a consortium to evaluate the Eastern route for HS2 and make a contribution of £10,000. It was agreed it was in our interests to support but investigations needed to be carried out/discussed with colleagues in the North East and North Yorkshire. Action: Agreed a note to be prepared in advance of next meeting for Board to action on where HS2 fits alongside the NE/ECML rail.</p>
<p>10</p>	<p>Local Growth Fund Update</p> <p>LE introduced this item. Discussions had with HCA. Some areas more advanced on how/what HCA's assets to be used. Work to be undertaken on funding agreement and assurance framework. NS asked NP for his observations. NP said we have to look at pipeline of projects, align investment to our strategic ambitions.</p> <p>TG asked if there would be a second round in the Autumn. TW said this was work in progress, some projects prioritised, possibility of more Government money but Government do not tend to provide more money so close to an election. 2015/16 committed.</p> <p>LE said TVU will put out messages through a managed process.</p> <p>Action: It was agreed the Board were happy to devolve responsibility to the Investment Panel to agree and sign off the funding agreement and funding</p>

	agreement with Government.
