

AGENDA ITEM 6 REPORT TO THE TEES VALLEY COMBINED AUTHORITY CABINET

22ND SEPTEMBER 2023

REPORT OF GROUP DIRECTOR OF FINANCE AND RESOURCES

QUARTER 1 BUDGET REPORT AND MEDIUM-TERM FINANCIAL PLAN UPDATE

SUMMARY

The purpose of this report is to provide an update on the financial position of the Combined Authority for the period ending 30 June 2023 and present a revised Medium-Term Financial Plan (MTFP).

RECOMMENDATIONS

It is recommended that the Combined Authority Cabinet:

i. Approve the quarter 1 outturn position for 2023/24; and ii. Approve the revised Medium-Term Financial Plan.

DETAIL

- 1. This report sets out the quarter 1 financial position for 2023/24 and the medium-term financial plan (MTFP). The budget presents all forecast funding and expenditure for the plan period with any amendments since the 2022/23 quarter 4 report was reported to Cabinet.
- 2. Other specific funding that has been secured to deliver projects and programmes since the budget was approved have been incorporated into the investment plan.

EXPENDITURE

3. The below table summarises the projected expenditure across the medium term and the investment plan period.

25. The core costs of the Authority relate to general running costs of the organisation developing and supporting investment in projects and programmes includes in the Investment Plan. This heading includes the expenditure incurred relating to the Mayoral election which accounts of the annual increase every 4 years.

Costs of Borrowing

26. The 2023/24 budget approved the use of the Combined Authorities borrowing powers to deliver the Investment Plan. The arrangements for Combined Authority borrowing are set out in the annually agreed Treasury Management Policy. The loan repayments are made up of the minimum revenue provision (MRP) which is calculated based on the methodology set out in the Treasury management statement based on the capital financing requirement and interest on the actual external borrowing taken out.

27. The Authority minimises its costs of borrowing by utilising internal resources where required, sometimes known as internal borrowing, this reduces risk and keeps interest costs low. The calculations have been updated based on the latest profile of required borrowing requirements. As part of prudent financial planning the Authority is required to set aside MRP for the repayment of debt. This has been reviewed considering current delivery profiles and subsequent debt requirement.

Reserves

- 29. The Combined Authority holds two classifications of usable reserves these are non-ring-fenced funds which have been received but not yet applied and the General Balance Reserve. The Combined Authority manages overall resource requirements by reference to the MTFP and overall Investment Plan.
- 30. In April 2022 there was a balance of £109.7 million of available funds held in reserve for future investments. It is anticipated that these will be utilised throughout the investment plan period to support the delivery of the investment plan, as set out in the table 3 with a general reserve remaining as set out below.
- 31. Good practice guidance for Local Authorities is that a proportion of net revenue expenditure should be held in the General Balance Reserve to manage risk and any unforeseen circumstances. The Combined Authority manages overall resource requirements by reference to the MTFP and overall Investment Plan and the general reserve stands at £1.058 million.

Borrowing

- 32. The Capital Financing Requirement (CFR) shows the underlying need to borrow to fund capital investments. The Authority's chief objective when borrowing is to strike an appropriately low risk balance between securing low interest costs and achieving cost certainty over the period for which funds are required. Therefore, the actual timing of the borrowing may not always follow the profile of the CFR as the Authority looks to strike this balance, otherwise known as "internal borrowing".
- 33. Within the period the total CFR to deliver the Investment Plan and fund commercial projects is £295 million.
- 34. Adding the above borrowing requirement to the balance carried forward for borrowing gives a borrowing level of £457 million which remains unchanged from the previously approved amount. This is well within the Government agreed borrowing caps of £1,000 million.
- 35. The repayments for the borrowing are affordable and can be financed from revenue funding received both during and beyond the investment plan period.

MEDIUM TERM FINANCIAL PLAN 2023-27

36. Funding and expenditure for the plan period is summarised in the medium-term financial plan as set out in **Appendix A**.
