

# DARLINGTON TOWN CENTRE CONNECTIVITY

Scheme: East Street Improvements | Transport: Walking, wheeling, and cycling

## Artist's Impression of East Street Improvements

We want to make transport in Tees Valley better.

We want to empower more people to take the bus, walk or cycle, especially for shorter trips. Tell us what you think.

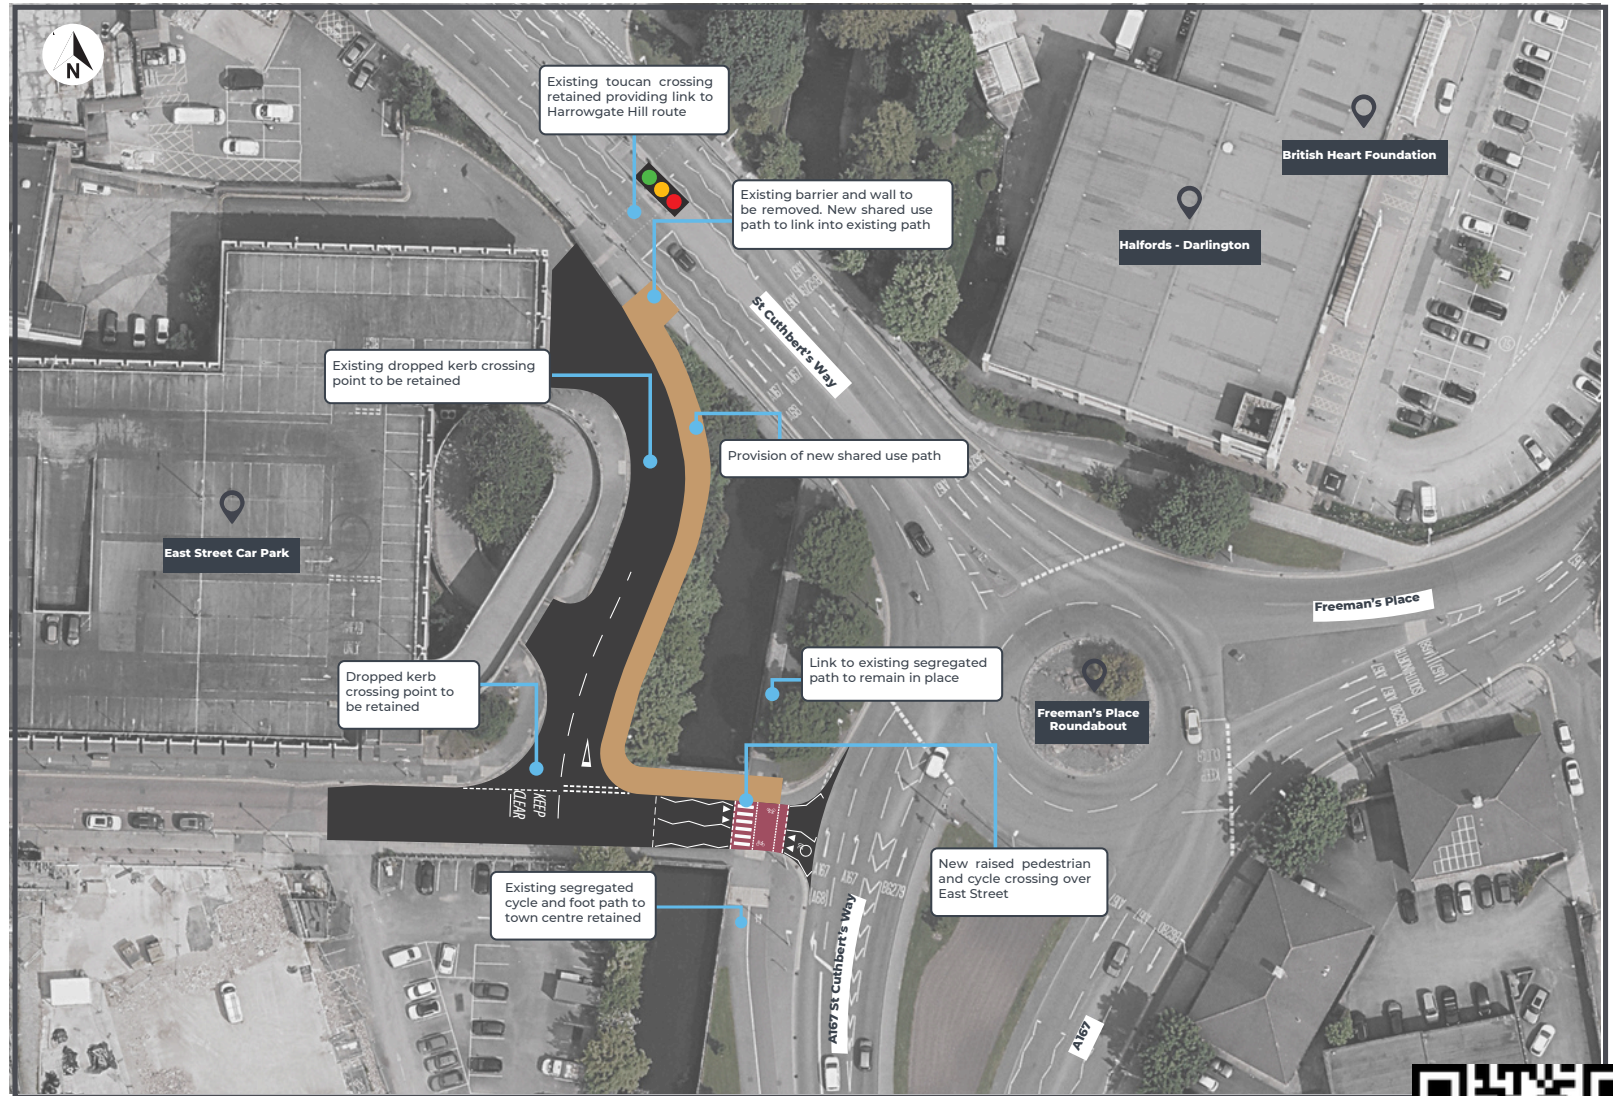

<b>Issue</b> 	<ul style="list-style-type: none"><li>• Gaps in our walking, wheeling, and cycling network.</li><li>• Lack of a safe crossing at East Street near Freemans Roundabout.</li><li>• Narrow shared-use path across River Skerne.</li></ul>
<b>Opportunity</b> 	<ul style="list-style-type: none"><li>• Introduce a new shared-use path near Freemans Roundabout that everyone can use, improved crossing will also connect with the existing walking, wheeling, and cycling paths, creating a continuous route.</li></ul>
<b>Benefit</b> 	<ul style="list-style-type: none"><li>• Safer crossing point and more attractive journeys for people walking, wheeling, and cycling.</li></ul>
<b>Impact</b> 	<ul style="list-style-type: none"><li>• We may need to cut the vegetation on East Street. Where possible we will look to replant any vegetation or greenery.</li></ul>
